Evaluation of Direct Enhancement Services

Comprehensive Consumer Education

Helping Flagler and Volusia families find quality child care continued to be crucial to improving outcomes for both parents and children. In 2019-2020, The Early Learning Coalition of Flagler and Volusia Counties, Inc. (ELCFV) provided the community with opportunities to learn about quality child care and early child development. Community awareness increased as ELCFV deployed an outreach campaign to local businesses, sharing services available to their staff.

ELCFV continued to form and strengthen partnerships within the community. ELCFV now trains new DCF caseworkers on community resources and supports provided by our agency. ELCFV partnered with local community centers and agencies to set up literacy centers and safe places for families to gather.

Not only did ELCFV attend multiple functions throughout the year to offer consumer education and school readiness program information, ELCFV visited multiple partner sites and trained staff in program options available for families. When the opportunity arose, ELCFV visited sites and provided information to families directly such as homeless and domestic abuse shelters.

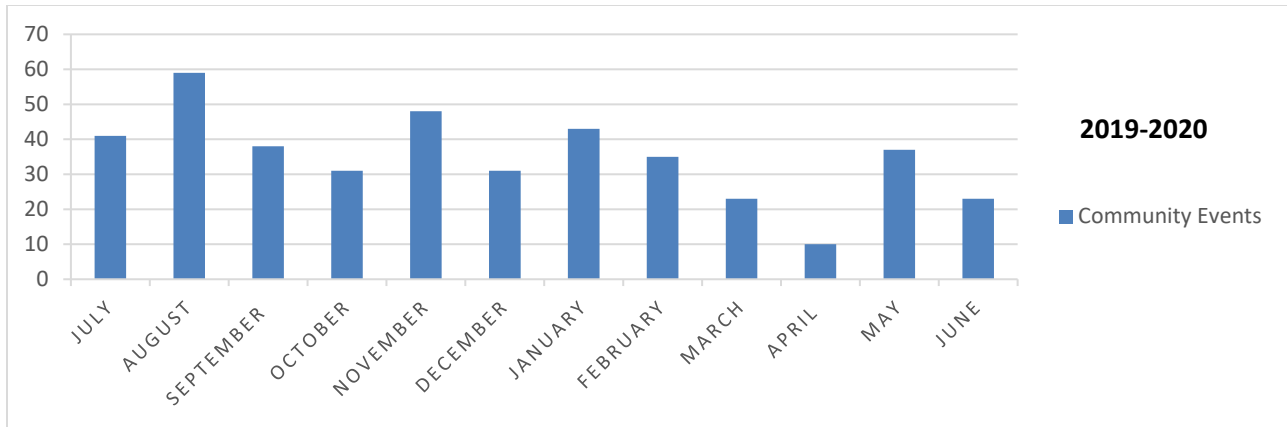

This year ELCFV focused even more on family engagement. One of the primary goals was to meet parents where they are. ELCFV expanded a social emotional initiative which focuses on healthy coping skills and communication. ELCFV also expanded a soft consultation/information sharing area in multiple offices for families. Families began receiving engagement kits to foster learning at home. Each month ELCFV held an Adventures in Reading focus that connected literacy and learning to home with a focus on social emotional development by handing out intentionally selected books, supportive activities for use at home and modeling within the lobby.

ELCFV launched our Family Advocate role that delivered elective case management and goal planning to families. Opportunities to meet parents where they are increased with the use of our Learning Mobile which provided modeling and training opportunities. Increased access to screenings further helped to establish ELCFV as a concrete support in time of need within our community.

In the Community

Events & Meetings

Coalition staff attended community meetings and events with the goal of increasing community relationships and public knowledge about services and child development. Meetings included local Chambers of Commerce, Kiwanis Clubs, Rotaries, United Way of Volusia-Flagler, and legislative visits. Below is a chart of the number of community events ELCFV staff attended to share resources about quality early learning, child development, and services offered by the ELCFV.

Dolly Parton’s Imagination Library

In 2019-2020 Dolly Parton’s Imagination Library (DPIL) program served 5,025 children in Flagler and Volusia communities. Children enrolled in DPIL received an age-appropriate book by mail directly at their home each month. Participants are aged birth to five years old. This initiative requires community buy-in, as it is provided at no cost to families. Each of the coalition’s two counties have Community Champions, who work with the coalition to ensure the continuation of this program for the community at large.

Digital Interactions

Community Newsletter

The Coalition delivered a monthly email newsletter aimed at community supporters during the 2019-2020 fiscal year. This newsletter covered material spanning from Coalition events to general information about quality child care and its impact. Recipients received one correspondence per month for a total of twelve newsletters throughout the year. The average open rate for the community email newsletter was 29.63%, and the average click rate was 3.3%.

Provider News

From July 2019 through January 2020, contracted providers received a weekly email with tips and information geared toward raising the quality of their programs. Entitled News & Updates, this email included a link to the ELCFV website News & Updates page. In January 2020, a website upgrade occurred and included a redesign of our Provider webpage. ELCFV continued to direct providers to the website for important information. In March 2020, a COVID-19 section was added to the website to share resources and information that helped providers stay abreast of available supports and best practices. Posts to the page were also emailed directly to providers.

From March 1-June 30, 2020 ELCFV had 6,818 views, 5,531 unique views of the COVID-19 page. Average landing time on the COVID-19 page was 5.24 minutes.

Social Media

A dedicated staff member was assigned to improving the Coalition's social media presence. This focused dedication successfully increased visibility and quality of information posted through the Coalition's accounts. A variety of community events, fundraising events, current Coalition activity, grant partnership efforts and other information sharing efforts were completed.

The Coalition's Facebook page (Early Learning Coalition of Flagler and Volusia) had 2,237 followers and enjoyed 2,062 likes. On Pinterest (@elcfv), the Coalition had 123 followers and 41 monthly viewers. ELC of Flagler and Volusia's LinkedIn (Early Learning Coalition of Flagler & Volusia) had one 135 followers. On Instagram (@elcfv), there were 755 followers.

Website

The Early Learning Coalition of Flagler and Volusia Counties, Inc.'s website continued to be a hub of information for the early learning community in Flagler and Volusia Counties. The website underwent a family-friendly overhaul, offering a chat feature that is manned by live staff members and added a mobile-friendly version of the site. Upgrading the website also allowed for access to more robust analytics.

Provider Financial Support

During 2019-2020, ELCFV paid the following quality differentials:

- Gold Seal Rate to 23 providers
- CLASS Differentials based on composite scores per qualifying criteria in Rule 6M-4.500(10) as follows:
 - 4% differential to 66 providers
 - 7% differential to 60 providers
 - 10% differential to seven providers
- Child Assessment differential per qualifying criteria in Rule
 - 5% differential to 13 providers

During 2019-2020, ELCFV supported qualified providers with the following in response to COVID-19:

- OEL CARES grants to 112 providers for Infrastructure and Health and Safety.
- OEL Professional Development Mini Grants were administered to 106 practitioners for training completed before June 30, 2020. Those practitioners completed 708 trainings from the Professional Development Mini Grant Menu.
- In April and May 2020, ELCFV distributed supplies including paper products, baby wipes, disinfectant wipes, and bleach 92 providers to support their safe operation during the COVID-19 emergency.

Training & Technical Assistance

ELCFV promoted and offered the following Professional Development Opportunities:

- Three Pre-K and three Infant/Toddler cohorts of Making the Most of Classroom Interactions (MMCI) trainings were offered at the ELCFV Daytona Beach Office with a total 71 practitioners participating.
- One hundred ninety-six individual subscriptions to the Quorum online training system were offered. 196 practitioners completed 787 individual online courses, all of which earned CEUs. Forty-four individual courses were assigned and completed by practitioners in the Quorum online training system. Implementation of new knowledge gained in Quorum courses is supported by Communities of Practice meetings facilitated by ELCFV staff.
- ELCFV promotes practitioner participation in courses offered by Early Learning Florida. In the Fall 2019 term, practitioners completed 41 courses. In the Spring 2020 term, practitioners completed 46 courses. In the Summer A 2020 term (ended 7/17/20), practitioners completed 24 courses.
- In response to the need for online and virtual support, ELCFV offered Pop-Up Professional Development during May and June 2020. These opportunities included a Quorum online course, online Community of Practice meetings and materials shipped directly to programs to support improved practices. Topics for Pop Up PD included: “Coping with COVID,” “Let it Flow” (Routines, Schedules and Transitions), “Be a Hero” (Early Intervention), “Learn and Grow Outside” and “YOU are their Sunshine” (Reporting and Preventing Child Abuse). Fifty-three practitioners participated.

Technical Assistance (TA) and practice-based coaching:

- Three programs with Quality Improvement Plans in place received practice-based coaching for their staff. Coaches identified numerous compliance issues during their time at these programs and of the three, two eventually terminated their School Readiness contracts.
- Practitioners participating in initiatives described below also receive practice-based coaching. ELCFV staff discuss current practice, support the practitioner in identifying new things to try and then help with action planning.
- A total of 576 technical assistance (TA) calls or visits were made.

Early Learning Standards

In 2019-2020 ELCFV implemented a monthly “Standards Focus” via the News and Updates/What’s New page of our website. The “Standards Focus” included a link to the standards online and sample lesson plans that provided opportunities for children to demonstrate their progress in the standards.

Screenings and Assessments

ELCFV requested 770 ASQ re- screens from contracted providers. From July through February providers completed all assigned screenings. During the COVID-19 State of Emergency beginning in April, many screenings were not completed due to children not attending child care. ELCFV encouraged completion of a screening if the provider had sufficient experience with and knowledge of a child’s development. If this were not the case, a

rescreen was scheduled to be sure any early intervention needed could occur.

Thirteen providers participated in Child Assessment with Teaching Strategies GOLD. Participation included maintaining Interrater Reliability and completing AP1 and AP2; AP3 was not required due to the COVID-19 State of Emergency.

Teacher-Child Interactions

Technical assistance and practice-based coaching were provided on the CLASS® dimension of teacher's choice based on their CLASS® score. Three programs with Quality Improvement Plans and 15 teachers received a total of 50 visits from a Lastinger Certified coach.

Age Appropriate Discipline Practices

Technical assistance and practice-based coaching on responding to challenging behavior is a part of most warm line responses. Responses are based on the Center on the Social and Emotional Foundation for Early Learning (CSEFL) pyramid model and Conscious Discipline principles. Implementation of strategies to support social emotional development and reduce challenging behavior are a part of the Social Emotional Initiative. Ten programs received monthly visits from September through May and had three Community of Practice meetings facilitated by ELCFV staff. A total of 90 visits and 30 CoP meetings were completed.

Child Abuse Prevention Initiative

Thirty-two classrooms at 15 programs participated in Child Abuse Prevention Initiative. Supports included Safe Smarter Kids curriculum kits, and stress relief materials and strategies for teachers and families. Communities of Practice meetings were offered to support implementation of new practice. In addition, 592 families received bags filled with information and materials to help prevent child abuse.

Social Emotional Initiative

Nine programs participated in this ongoing initiative. Program staff completed training, participated in Communities of Practice meetings, and created action plans for quality improvement. Classrooms received materials to support implementation of those action plans and provide opportunities for learning and development in the social emotional standards.

Let's Go 5-2-1-0 Initiative

Two providers continued for a second year of this program that encourages children, families, and program staff to develop healthy habits: eating more fruits and vegetables, limiting screen time, being physically active and eliminating sugary drinks. Continuing programs also received additional training in family engagement to support healthy habits at home and at the program.

One new program was added with ELCFV funding and three new programs were added in Southeast Volusia with local grant funding. New programs received regular visits from Quality Initiative staff and from community partners including the Volusia County Health Department and University of Florida Extension service. They also

received materials to support development of healthy habits including classroom container gardens, playground equipment and water dispensers. These items contribute to high quality environments and support progress in physical health standards.

Monthly handouts about developing healthy habits were sent home with families. Practitioners completed online training through Quorum. Visits from an ELCFV coach and support from Communities of Practice meetings supported implementation of new strategies.

Sixty practitioners and two 298 children benefitted from the program.

Quality Interactions Initiative

One series of eight “Quality Interactions” trainings was offered at a provider site in West Volusia with 17 practitioners participating. The goal of this program was to bring together the Florida Developmental and Early Learning Standards, and CLASS domains to help practitioners improve their practice and offer more opportunities for children to make progress in the standards. Participants received materials specifically to support STEAM learning.

Whole Leadership Initiative

Five programs participated in the “Whole” Leadership initiative with the goal of improving administrative practices. Participating directors used the Program Administration Scale as a guide to identify areas for growth and completed two Early Learning Florida (ELFL) courses: “Organizational Leadership in Early Care and Education” and “Instructional Leadership in Early Care and Education”. Ongoing support was provided by regular Communities of Practice meetings facilitated by ELCFV staff.

Quality Activities for Infant and Toddler Care

Infant & Toddler

The ELCFV Early Intervention (EI) Specialist visited School Readiness programs serving infants and toddlers. During visits, information about resources was shared and classroom materials given. The EI Specialist also became certified in administering the TPITOS assessment and in 2019-2020 ELCFV implemented a pilot program of assessment and coaching in four infant and toddler classrooms.

Babies Rock

From July 2019 through February 2020, six volunteers visited infant rooms at five providers. Volunteers were able to interact with babies and give them extra one-on-one attention by rocking, reading, and having conversations with them. This program was suspended during the COVID-19 pandemic.

Quality Activities for All Ages that Engage the Community

The Learning Mobile

Seventeen visits to programs and community events were completed. During visits to programs, ELCFV staff modeled developmentally appropriate practice with an emphasis on giving children opportunities to develop age-appropriate skills as defined by the Florida Early Learning and Developmental Standards.

Officer Friendly

Twenty-one officers from local police and sheriff departments regularly visited 24 programs in Bunnell, Holly Hill, Ormond Beach, Daytona Beach, Deltona, Pierson, and Seville. Officers read books, participated in classroom activities, and built positive relationships surrounding law enforcement with child care staff and children.

Firefighter Friendly

Twelve firefighters in Bunnell and Palm Coast delivered a fire safety program at six child care programs in Flagler County. Firefighters visited once a month for six months to teach fire safety.

Literacy Initiatives

ELCFV provided literacy supports through quarterly literacy initiatives including “JumpStart Read for the Record” with 47 programs participating and “Just Read Florida” with 30 programs participating. For both initiatives, ELCFV provided copies of the book and materials to support activities based on the books. When possible, community volunteers are recruited to read in programs. Spring and summer literacy initiatives were postponed due to the COVID-19 pandemic.

Therapy Dogs

This program has expanded. In 2019-2020, six volunteers visited 18 providers in eight Flagler and Volusia Communities. Volunteers and their dogs visited child care programs each month to read stories about how dogs can help people. Children could also interact with the therapy dog. Activities are shared with teachers to be used in the classroom.

Monitoring

2019-2020 monitoring efforts were impacted by the Florida Governor’s Executive Orders and CDC guidelines surrounding COVID-19. Before efforts ceased for the 2019-2020 fiscal year:

- One hundred fifty-six total monitoring visits were completed

- Eighty-three School Readiness
- Seventy-Three VPK

CLASS® Observations

2019-2020 observation efforts were also impacted by the Florida Governor’s Executive Orders and CDC guidelines surrounding COVID-19. A total of two hundred CLASS® assessments were completed by ELCFV staff; 41 Infant, 68 Toddler, and 91 Pre-K assessments were completed in one 112 programs prior to the directive to cease.

ASQ Monitoring

Ages and Stages Questionnaires (ASQs) were completed by parents at time of eligibility determination/redetermination. When ASQs were required to be completed by providers, providers accessed the Brookes’ Enterprise system via the ELCFV website to print paper copies of ASQs for classroom teacher use. Results were entered directly into Brookes’ system by the provider upon completion of the questionnaire. ELCFV used a combination of EFS custom coding and a spreadsheet to track provider completion of required ASQs. An email reminder was sent to providers a minimum of 30 days prior to the ASQ due date and the Brookes’ system was monitored by ELCFV staff to ensure completion. When the provider did not submit the ASQ by the due date, ELCFV issued a letter of non-compliance to the provider and stated:

- The provider must correct the non-compliance by submitting the ASQ and/or parent permission
- SR funding will be withheld until the ASQ and/or permission was submitted
- The provider’s SR contract will be terminated if corrective action required has not been completed within ten (10) calendar days after the date of the letter

Grant Compliance

Each grant identified a set of deliverables. Each deliverable was calendared and reported to the grantor as required (typically monthly, but at least quarterly, as outlined in each grant). ELCFV ensured deliverables were met, aligned with applicable laws, participated in internal audits, and reported data frequently, which ensured that ELCFV continuously maintained compliance with all requirements throughout the year. Local grantors provided on-site monitoring and ELCFV demonstrated faultless compliance.

Inclusion

In 2019-2020, ELCFV continued a wholistic approach to inclusion. The Quality and Inclusion (QI) and Family Services (FS) departments worked together to implement screenings that identify possible areas of concerns. In partnership with students in health services training and education programs, ELCFV staff visited child care programs to complete hearing, vision, and height/weight screening. Family Services staff processed 1,601 ASQ screenings, and Quality and Inclusion processed 2,385 for a total of 3,986 ASQ screenings. These departments also worked together to follow up on possible concerns identified because of ASQ screenings. A total 227 vision screenings and 220 hearing screenings were completed.

QI staff used a seven-step approach in responding to inclusion challenges. This approach begins with building provider/family relationships, moves to identifying ways to make classrooms more inclusive and includes support for screening and referrals where needed. When these steps do not provide the desired level of success, QI staff work with provider and family on a transition plan so that the next placement has increased likelihood of being successful. When possible, other child welfare agencies are included in the planning process.

Inclusion-related training completed by practitioners in 2019-2020 included Quorum courses as follows: “Autism 101”, “Helping Children Embrace Racial Diversity”, and “Child Language Development and Building Resilience after Natural Disasters”, The following inclusion-related Early Learning Florida courses were among those completed by practitioners: “Guiding Preschool Behavior and Building Classroom Community”, “Inclusion in the Preschool Setting,” “Preschool Language Development”, and “Understanding Trauma-Informed Care with Infants and Toddlers”.

Child Disenrollment

Reason for Disenrollment	Number of Children Disenrolled
Child care provider dismisses child due to child's behavior	18
Child care provider does not meet parent's or guardian's expectations.	19
Child care provider has closed for economic or other business reasons.	3
Child care setting provided too much stimulation for the child.	1
Child has a duplicate record.	12
Child has exceeded the age-limit for services.	1
Child is no longer residing with the guardian who completed the initial application. New paperwork must be completed by new guardian.	18
Child poses safety risk to other children at program.	7
Child was determined eligible for services but never enrolled with a child care provider.	8
Child was enrolled in a program that changed provider types. Only used if new provider ID is assigned in EFS.	4
Client deceased.	1
Client does not show up for redetermination.	32

Client failed to comply with program requirements.	3
Client failed to provide required documentation to maintain eligibility.	207
Client is eligible for services under a different funder (i.e., non funder 1).	1
Client is no longer eligible for services because the family income exceeds the allowable amount for eligibility.	3
Client moved out of the county in which funding is currently provided.	18
Client no longer has a valid purpose for care.	14
Client's contact information is no longer valid and fails to provide updated information by a specified date.	149
Custodian is involved in seasonal work (such as migrant or school district employees) and the child's enrollment is temporarily suspended while custodian is not working.	29
Parent declined Terms and Conditions	1
Parent or guardian lacks resources necessary to keep child in care.	21
Parent/guardian withdrew child from the program.	641
Physical limitations of child care provider	1
Provider dropped child from the provider's program.	30
Provider no longer receiving SR or VPK funds due to noncompliance or low performance	10
Provider remains open, but no longer provides VPK or SR services.	11
Referral from referring agency has expired.	74
Referring agency has terminated the referral.	20
The enrollment record was updated.	40
The next authorization period was approved.	7
Transfer from one SR funding source to another (i.e. BG3 to BG8).	2

Transfer to another provider record (even if the second record is owned by the same provider).	12
Total	1,418
