

## Other Trainings, Webinars, and Resources

1. **(new!) MarcoPolo**

MarcoPolo Learning provides short, developmentally appropriate educational videos and offline educator resources. MarcoPolo Learning also provides tools to increase family engagement and at home learning in a fun and simple way. Educators using MarcoPolo Learning can also engage in opportunities to enhance curriculum and have deeper interactions with the children in their classroom.

MarcoPolo is also in alignment with CLASS and STAR assessments which help promote children's readiness for school. With each short video educators are given access to Educator Guides which help set up discussions with children to expand their higher order thinking skills as well as activities to go along with the video. MarcoPolo is recommended for children ages 3 – 5 years.
